

Certification Project Manager

Company: Terabee, High-Tech sensor and sensing solutions company

Location: France, Saint Genis-Pouilly, (Close to Geneva, next to CERN)

Contract: Full-time

Reporting to : Jan Kovermann (CTO)

Job Description:

Terabee is a dynamic and fast-paced technology company that designs, develops and manufactures the TeraRanger brand of sensors, bringing new ideas and unique solutions to robotics, automation, IoT and smart city challenges.

We are now seeking a motivated and self-driven Certification Project Manager to join our growing team! You will operate within a highly stimulating and international environment. You'll be a team worker with a creative mind, a sense of initiative and an entrepreneurial spirit with a commitment to our long-term success.

Role and Responsibilities:

- Drive key innovation projects in collaboration with the Technical Project Manager
- Coordinate the project activities, organise meetings and project reviews
- Draft project status reports, presentations and certification documentation to stakeholders
- Follow up on the functional safety-related activities of future industrial devices

Profile:

- Strong technical knowledge in physics/ engineering to Masters level (PhD desired)
- Knowledge of risk assessment tools like FMEA according to IEC61508 is desired
- Knowledge of project management basic tools (e.g. Gantt charts and budget editing)
- Demonstrable competence in coding (Python, C), data analysis and mathematical modelling of dynamic systems
- Excellent spoken and written English language skills
- Familiarity with Google Suite business tools (Docs, Sheets, Slides, Analytics, AdWords, etc.)

Please send your CV and a letter of motivation to careers@terabee.com with the subject line "Certification Project Manager". We look forward to receiving your application.
