

Production Operator

Company: Terabee, High-Tech sensor and sensing solutions company

Location: France, Saint Genis-Pouilly, (Close to Geneva, next to CERN)

Contract: Part-time (60%), option to move to Full-time

Reporting to : Production Engineer

Job Description:

Terabee is a dynamic and fast-paced technology company that designs, develops and manufactures the TeraRanger brand of sensors, bringing new ideas and unique solutions to robotics, automation, IoT and smart city challenges.

We are now seeking a motivated Production Operator to join our growing team! You will operate within a highly stimulating and international environment and will play an active role in the manufacturing of high technology sensors.

Role and Responsibilities:

- Responsible for the assembly of optical sensors (including software flashing), utilising ultrasonic welding, Laser cutting and 3D printing machinery.
- Maintain and enhance existing internal production processes and documentation in collaboration
- Tracking and reporting of activities within the inventory management system
- Manage the product testing processes (including distance, functional and communication) to control the quality of production output
- Utilise best practice Electrostatic discharge methodology during production process
- Responsible for packaging of completed products / components
- Reporting of production activities and communication with Production team.
- Manage and improve the machine maintenance procedures, focussing on instrument calibration

Profile:

- BAC + 2 years
- Prior experience of working with electronic components / production an advantage
- Self starter, able to work autonomously but within a team structure
- Experience of Labview software desirable
- Be able to react, adapt and resolve small manufacturing issues
- Familiarity with Google Suite business tools (Docs, Sheets, Slides, etc.)
- Good spoken and written English and French language skills

Please send your CV and a letter of motivation to careers@terabee.com with the subject line "Production Operator". We look forward to receiving your application.
